BOOZE OR MEDICINE?

Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhileration from a tippling beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are none the less positive and best of all, they are *lasting*. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. Seneth Kinny, of 608 East Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter. I doctored with our family doctor but was relieved only while taking the medicine. I took Dr. Pierce's medicine several years ago. I knew it was good for any one suffering with female trouble. Have taken only one bottle and am gaining strength very fast. I could not rest nor sleep when I began taking the 'Favorite Prescription.' Heart troubled me and I had cold and numb spells all my heart would almost stop beating. Have had one child since first taking your medicine. If I continue with your treatment am positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book the Common Sense Medical Adviser, in stiff paper covers, will be sent free for 21 one-cent stamps the bare cost of mailing; or, send 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy to you instead of this well-known preparation of Dr. Pierce.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

A LAXATIVE Cough Syrup

THE NEW IDEA THE ORIGINAL

The Red Clover Blossom and the Honey Bee on Every Bottle.

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard."

KENNEDY'S LAXATIVE HONEY AND TAR

Cures Colds by working them out of the system through a copious action of the bowels.

Cures Coughs by cleansing and strengthening the mucous membranes of the throat, chest, lungs and bronchial tubes.

For Croup, Whooping Cough, La Grippe, Influenza, Bronchitis, and all Coughs, Colds, Lung and Bronchial affections no remedy is equal to Kennedy's Laxative Honey and Tar. Children like it.

Put up in 25c, 50c and $1.00 bottles at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

Rear-end Collision.

A rear-end collision yesterday between the east-bound New York limited express, from St. Louis, and a local passenger train, which was standing at the Paoli station of the Pennsylvania Railroad, nineteen miles west of Philadelphia, resulted in the death of five men and the injuring of more than twenty others.

All those who met death were in the private car of General Manager Atterbury, which was attached to the rear of the local train. Mr. Atterbury is on his vacation in Maine. He expected to return about October 1, and his car had been overhauled preparatory to sending it to Maine to bring him home. It was sent out in the forenoon for a test run and was attached to the late afternoon local train from Paoli for Philadelphia. In the car at the time of the accident were about a dozen men who had been engaged in overhauling the car. Those who were not killed were injured.

Paoli is the terminus of the Pennsylvania Railroad's suburban traffic on the main line, and a large yard is located there for the storage of cars and engines. The local train was made up in the yard on the north side of the railroad and switched across to the eastbound track, and came to a stop at the station. Before the switches could be set the New York limited came along at a high rate of speed on No. 2 eastbound track, took the crossover switch and crushed into the local train.

The force of the collision was so great that the engine of the limited plowed ten feet into the private car, and the latter was forced half way through the day coach ahead.

At the time of the accident there were less than half a dozen passengers in the local train and they were in the forward cars, which were not damaged. The engineer and fireman of the limited were not hurt, but a dozen persons on this train were injured by being thrown against seats and the sides of the cars.

Young Woman Clubbed by Negro.

Irene Grossman, a girl of 16 years, was found clubbed into insensibility in the hallway of her home, at 542 west One Hundred and Forty-second street, New York, early yesterday. The attack was the culmination of a series of nightly entries in the Grossman private residence, which were intended to enforce by "Black Hand" methods payments of money for immunity from attack. Beginning Friday night a negro visited the house nightly, appearing only to Miss Grossman and escaping when frightened by her screams. Despite the lookout set for him by the family he succeeded yesterday in reaching Miss Grossman before she had a chance to give a warning. The girl's brother told the police that his sister had started for an early morning walk, when she was attacked. He heard her scream and ran into the hallway, where he found her unconscious, but saw nothing of the man. Immediately after the clubbing the police found two pictures in the Grossman home, with their faces turned to the wall and notes demanding money written on the backs. On the back of a potograph of Mrs. Grossman was written: "We expect $900 from you. B. F. C." On the back of one of her daughter's pictures was written in the same hand; "We expect $200 from you. B. F. C." In the two previous visits to the house the burglars had stolen several valuable pictures and more than $400 worth of silverware. Miss Grossman's injuries are not believed to be dangerous.

A Singular Fatality.

The family of James Tribbitt, who reside on a small farm about two miles from Henderson, Caroline county, Md., is almost wiped out by typhoid fever. The family consisted of eleven members, father, mother and nine children. The Tribbits were poor, yet very energetic people, and when the dreaded fever entered the little farm home, the father, not realizing the danger ahead of him, and believing that his little ones would soon get well, did not send for a physician until he lost one of his children. Then it was too late, and one by one they have passed away, until only four of the entire family remain. On August 5 Mary, the eldest daughter, the first to die, succumbed to the malady. An eleven-year-old daughter died on August 11. The mother, who was also stricken with the disease when her children were taken ill, died on August 15. On September 5 the thirteen-year-old daughter died, and on September 20, William, aged twenty, died. On the 18th instant the father, James Tribbitt, whose heart had almost been broken by the loss of his wife and children, died. Mr. Tribbitt had been sick only a few days. Three small children, the youngest only six years old, are critically ill with the fever, and the attending physician has little hopes of their recovery. The eldest son, a resident of Wilmington, also has typhoid fever, and is in the Delaware Hospital of that city for treatment.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, SEP. 26, 1905.

THE U. S. Internal Revenue office is to be moved from Alexandria to Abingdon. The office was originally located here, then moved to Roanoke and Lynchburg and eight years ago was brought back where it rightly belongs. Alexandria is peculiarly well located for the office. The city is situated on the Potomac river and every train on the several big railroads that enters Washington from the South passes through Alexandria, giving the city unsurpassed mail and express facilities. During the past two years the goverment building here has been enlarged at an expenditure of $75,000 and fitted especially for the internal revenue office. Abingdon is a small town of but 1,800 population; but one railroad passes through the town and the government building there is inadequate for revenue office purposes, which fact has been stated by a government inspector. Yet, with these advantages in favor of Alexandria, the office is to be removed to Abingdon for political reasons and for these alone. Abingdon is in the Ninth district, the only republican district in Virginia. Congressman Slemp lives in that district and so does Mr. Summers, the recently appointed collector. Secretary Shaw is an avowed candidate for the presidency and Mr. Slemp has promised him the vote of Virginia in the next republican convention. To strengthen his hold on the Ninth district, Mr. Slemp has demanded that the internal revenue office be removed there and the demand has been complied with. Mr. Slemp has as much chance of carrying Virginia for the republican party as has Secretary Shaw of being elected President, but he has made the Secretary believe so and, as the deal is on, the revenue office will be removed.

IN THESE days of multi-millionaires, when thousands of dollars are being spent on the extravagances of life by many who sail upon the high tide of prosperity, the short and simple annals of the poor occasionally attract attention. We read today in the papers of the sad fate of one of nature's noblemen—an honest mechanic—in Green Point, N. J., who had long battled against the ills incident to chill penury until death suddenly came to his relief. He set out from his home early Sunday morning to find friends who would give him money with which to buy food for his family. He had been out of work and his wife and five children were suffering from the necessaries of life. Wherever they looked the gaunt wolf was staring at them. The destitute condition of his family had worried the unfortunate man. On reaching the sidewalk he was stricken with apoplexy and was soon dead. While the starving family was looking at one another in despair a wagon drew up in front of the house and an additional and irreparable sorrow caused the little group to temporarily forget the gnawings of hunger. We read of considerable philantrophy upon the part of some who are unloading small parts of their burdens of wealth and devoting the same to the erection of churches, chapels, libraries, public fountains, &c., to perpetuate their names They have an undoubted right to do what they please with their own, but if he who gives a cup of cold water in the right spirit is to be rewarded, surely those who should devote a part of their collossal accumulations toward bringing joy to emaciated wives and little ones whose breadwinners are struggling against adverse fortune would find that not only the beneficiaries but many others in this age as well as in that to come would rise up and call them blessed.

A DEMOCRATIC representative in Congress is authority for the statement that the democrats expect to make valuable capital out of the departmental scandals, for use in the congressional elections next year. The republican party, he says, is to be held to account for the abuses shown to exist in the departments and for the others which are expected to be developed by the investigations next session. Misguided man! If the democrats have no other platform than "Turn the Rascal Out," they are beaten before they go into the next contest. All the corruption that is known now was known last November when the rascals were voted to remain in by a tremendous majority. This country has become so corrupt that many people believe it prefers rascals to honest officials.

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, D. C., Sept. 26.

Senator Foraker, of Ohio, who caused quite a stir by declaring in his speech at Bellefontaine, Ohio, that he was opposed to confer the rate-making power on the Interstate Commerce Commission, is annoyed by the newspaper comments which make it appear that his utterances indicate that he has fallen out with the President. "It is true," he said, today, "that the President favors that this power be conferred and that I am opposed to it. But there is no radical disagreement between President Roosevelt and myself. He knows where I stand and I know where he stands. We both want a particular thing done and there is no disagreement as to the result desired. It is only a question as to methods, and I think my way is the better way. There is nothing in my position that is new and that I haven't said before. The President wants a legislative remedy for existing evils and such a remedy will be devised. The question resolves itself simply into the inquiry of the man who may desire to travel from Cincinnati to Washington. He'll get to Washington, all right, but he may take the B. & O., or the C. & O., or the Pennsylvania."

Howard Broxton, a negro, who has been causing a reign of terror among the female residents of Brookland by disrobing himself, was captured by a clever piece of detective work on the part of mounted Officer Frank Berens of the 10th precinct. He was convicted in Judge O'Neal's court.

The members of the board of consulting engineers on the Panama Canal will leave here tonight for Boston where they will tomorrow make a careful inspection of the Wachusett reservoir earthen dam which is said to be the largest of that type of construction in the country. Mr. Stearns, a member of the board is the engineer who built it. It is possible that dams of this type may be used in connection with the Panama Canal work. The board will return to New York tomorrow night and will sail from there Thursday for the Isthmus for the purpose of making a personal inspection of the route of the Panama Canal and the projected location of all the auxiliary works. It is expected that they will be able to see all they want in the course of ten days as it is not their intention to make any surveys or borings, that class of work having already been done. On their way down as well as on their way back it is expected that the members of the board will hold daily sessions. They will be accompanied by clerks and draughtsmen and expect to be able to accomplish a good deal of work while voyaging. Gen. Davis, the chairman of the board, says that so far as he knows no member has expressed any decided conviction on any of the fundamental problems connected with the canal work. Chairman Shoots and the other members of the Panama canal commission will also sail for Panama on Thursday, the whole party going on the "Havana" of the Panama Railroad line.

Secretary Metcalf of the Department of Commerce and Labor today ordered supervising Inspector General Uhler to make a reinspection of all the steamers under his supervision. This is to ascertain the manner in which the laws and regulations recently put in force have been carried out.

The Interstate Commerce Commission today heard the testimony in the case of James L. Quimley, Kahn Brothers and others, South Carolina merchants, against the Clyde Steamship Company, Old Dominion Steamship Company, Southern Railway, Seaboard Air Line and other transportation companies, which avers that rates on products carried by rail and water from Boston, Providence, Philadelphia, Baltimore and South Carolina points are unduly high as compared with rates in Augusta.

Gen. Porter Visits President.

Oyster Bay, N. Y., Sept. 26.—General Horace Porter, former United States Ambasssador to France, left for New York today. General Porter has been a guest at the home of Mrs. J. West Roosevelt for several days. He also paid a visit to President Roosevelt. "My visit was purely a social one, and nothing important was talked of. I do not regard the Moroccan situation at all alarming, and think that foreign matters generally, as far as the United States is concerned, are in a very satisfactory condition, said General Porter. "I am glad to see that President Roosevelt is able to take such a good vacation every year. It puts him in fine shape physically for the exacting duties of his office at Washington. What particularly pleases me in this connection, is the fact that I was the private secretary of General Grant when he inaugurated the idea. He was the first President to leave Washington for a summer vacation, and in starting the custom, he brought down a storm of criticism upon his head. His critics loudly cried that he was deserting his post, false to his trust, and all that sort of buncombe. He went to Long Branch every summer. Since his day, all the Presidents have taken summer vacation trips, and have all been the better for it.

That Approval Meeting.

Just to keep things moving and to prevent Mr. Roche's "Roosevelt approval" from falling to the ground, I suggest that that worthy citizen adopt the plan of the gentleman who conceived and so successfully managed the recent Second ward love feast. Mr. Roche has a most convenient location for holding a meeting and with such attractions as free beer and a free lunch, I am sure he could draw a crowd. Mr. Roche, when the fellows are feeling good, could head the procession and march it to the new depot where it could see the President pass by, even if he did not make a speech.

The shooting attracted a mob of negroes from the congregation of a negro church, who attempted to lynch the negro, Robert Taylor, but were prevented, and Taylor was safely landed in jail. Deputy Shores had alighted from a street car, and hearing a woman's screams and seeing a negro running, he fired and the negro fell. A Menagerie at Sea.

A badly lacerated crew arrived in New York yesterday on the steamer Indramayo, guarding a cargo of wild animals from Chinese and Japanese ports. Six leopards and two big snakes caused most of the injuries which were inflicted by the animals during an exciting voyage. Besides these animals the Indramayo started out with an elephant, six monkeys of a large and savage species and some smaller animals. The leopards from their cages succeeded in lacerating the arms and legs of six sailors who attempted to feed them on the rolling, pitching ship. In the Red Sea, one of the snakes which weighed 200 pounds and was twenty-three feet long, escaped from his cage and crawled out upon the deck about dawn. During most of the forenoon the entire crew fought and rolled about the deck in a struggle to get the snake back into his cage. They finally succeeded. Four day ago the elephant died from complications resulting from sea sickness, and the animal's body was thrown overboard.

War Draft Made Him Infidel.

George P. Driesbach, a well-known resident of Scotch Valley, Pa., and an ardent believer in the doctrines of Robert Ingersoll, is dead at his home at that place after an illness of several weeks, aged 71 years. Driesbach was a believer in God until the breaking out of the civil war, when he was averse to fighting, and prayed long and fervently to God to preserve him and prevent him from being drafted. He was drafted, however, and from that moment he renounced all faith in the Deity and became very hostile to the government. Once during the war he hoisted the Confederate flag and at another time the flag of the Fishing Creek Confederacy. Notwithstanding this he was appointed postmaster of his home village shortly after the close of the war and filled the position until recently.

He was taken to his home in a precarious condition. The trouble occurred over a woman.

It is stated that Captain 'Jeb' Stuart, Collector of Customs at Newport News, is liable to get his scalp taken, because of the zeal which he has manifested in reducing men in his office who are democrats, and promoting those who are republicans. The Senate, it is said, will probably refuse to confirm the captain, and it is also alleged that that is just what the republicans in that section are hoping will happen.

Registrar Folkes was the star witness before the grand jury in Richmond yesterday. He admited paying the taxes of several citizens, but said they gave him the money with which to pay. Royall and Deputies Held and Welsh, of the Treasurer's office, were among the witnesses.

France and Venezuela.

The officials in Paris believe that developments in the Venezuelan situation await the arrival of Judge W. J. Calhoun, United States special commissioner, and Ambassador Jusserand, at Washington. The foreign office in Paris has been advised that Judge Calhoun and Mr. Taigny have gone over the case of the French cable company and the officials there are not disposed to proceed against Venezuela or any other southern republic until after the fullest confidence with the United States, owing to the privileged position of the United States towards South and Central America.

At the same time, it is held that this privileged position entails the co-operation of the United States towards requiring Venezuela to observe the usual obligations to other powers.

Preparing for Russia.

London, Sept. 26.—The Indian government has acquired three square miles of land near Peshawar, ten mile from Kyber Pass, and the site will be used for establishing a large garrison centre. This move following the recently announced intention to construct a railway line through Khyber Pass, shows that Lord Kitchener, the military commander in India, is taking every precaution to be prepared for the quick movement of troops and to resist any invasion in the event of Anglo-Russian hostilites, which Lord Kitchener believes are sure to come some day. The movement to establish this military centre is regarded as England's answer to the renewed activity Russia is showing in Persia, and especially to the request made a fortnight ago by Russia for the Black Sea trading steamers to furnish a report as to the maximum number of troops they can transport from the railway terminals at Odessa, Nikolaieff and Sebastopol, to Batoum, which is the head of the railway routes running into Persia and India. It is believed that the British government probably intends Lord Kitchener's activity in India to be regarded by the Czar as an open intimation to him that if he tries to play the some game in Persia that he attempted in Manchuria the Indian army is prepared for him.

Station detectives and members of the City Hall force were notified immediately of the robbery, but the thief escaped with her booty.

The Suit Case Mystery.

Boston, Sept. 26.—Today the police who are engaged in solving the mystery of the dress suit case horror are of the opinion that a ray of light has penetrated the gloom as the result of yesterday's developments. France and Venezuela.

Paris, Sept. 26.—The latest advices in regard to the situation in Venezuela are to the effect that there is improvement in the status of the controversy with that country. While Venezuela has not yet made an apology President Castro's attitude in the last twenty-four hours has become less aggressive. Much is now hoped for from the conference between M. Taigny at the French Charge d'Affaires, at Caracas, and ex-Judge W. J. Calhoun, the special representative of the United States government, who was sent to Venezuela to investigate the conditions. Several conferences between these men have already been held and it is believed that this may have something to do in bringing about the improvement noted in the situation. On the other hand, M. Maubourguet, the Venezuelan representative in Paris, has made several indirect attempts at affecting a conciliation. While he has stated that he was acting entirely on his own responsibility he has offered an opening through which his government may be able to effect a pacific settlement of all disputed points.

Claverly Hall is the best appointed dormitary on "The Gold Coast", or "Millionaires Row," as that part of Mount Auburn street where the dormitories are located, is known. Wealth of Convents.

St. Petersburg, Sept. 26.—As the result of an investigation made at the time the peace conference at Portsmouth was in session, it has developed that several of the convents and monasteries of Russia are endowed with enormous wealth. The investigation was made at a time when it seemed as if the peace negotiations would fall through and the government determined to find out what amount of cash money it could draw upon as a last resort for carrying on the war. The result was astounding. It was discovered that in three convents alone wealth of enormous value was held. The Traitskosergieyrskaia Livera, near Moscow, possesses $1,650,000,000, the Peetcherskaia Livera at Kieff has $825,000,000 and the Alexandro Nevskaia Livera here possesses $2,000,000,000.

New York Stock Market

New York, Sept. 26.—Commission houses were generally sellers of stocks around the room at the opening and during the first few minutes, but after moderate declines the room traders started covering of shorts and took the long side in an effort to force a rally. They were successful, but found no demand back of them and an absence of what they called banking support. Notices were sent out by J. P. Morgan & Co making the rate on call money loaned by them at four per cent for a day, and this was used for a time as a reason for the traders buying Louisville. The large operators, though, have not shown their hand on either side of the market and seem to be disposed to let it take care of itself for the present.

The readers of this paper will be pledged to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constipational disease, requires a constitutional treatment. Hall's Catarrah Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Assault near Shooter's Hill.

As was stated in the Gazette yesterday a young woman was accosted by a negro on the Shooter's Hill road late Sunday night and robbed of eight dollars after she had been struck in the face by the brute. The cries of the young woman were heard at the new union depot and the special officer and others went to her rescue. The assailant, however, vanished before their arrival. The above is the sum total of the incident. The assault and robbery occurred a long distance beyond the city limits, and the fact that an Alexandria policeman was not patroling Shooter's Hill at the time needs no explanation, and had the entire force subsequently repaired to the scene their mission would have been as fruitless as that of the depot policeman and those who accompanied him, but an attempt is being made to get up an issue on the occurrence and the authorities of this city are seemingly being held to account. That it is not obligatory upon the Alexandria police to patrol Shooter's Hill road is apparent, although should an offense be committed in this city the officers would unhesitatingly pursue the offender beyond the city limits. The new depot has been placed beyond the corporate limits of Alexandria, some believe for obvious reasons, and we are told that all the tracks in the city save those on Union street are to be removed in the near future, probably to escape taxation. Alexandria and Fairfax counties will contest any attempt on the part of Alexandria to extend her limits, and with these facts apparent to all, when trouble arises beyond the city proper the Alexandria authorities it is supposed by people living in those counties should go to the rescue. The strictures on such occasions generally come from Washington papers, and their suggestions are justly regarded as gratuitous. Mayor Paff was not remiss in the incident recorded above, and the authorities of the city have no apologies or explanations to offer.

Bids for New Bridge.

Col. Hoxie, the engineer officer in charge of the improvement of the Potomac river, yesterday opened bids for the construction of a concrete-steel bridge across the head of the Washington channel of the river, being part of the Washington approach to the Potomac Highway bridge. There were considerable competition for the work. The lowest bid submitted was that of the Penn Bridge Company, contractors for the construction of the Highway bridge, proper, at $97,367, but that company fixed October 16, 1906, as the date of the completion of the channel bridge, whereas the Miller-Collins Company, whose bid was $100,000, proposes to complete the stucture by May 1 next. The bids have been scheduled, and the result will be announced when the award of the contract is determined upon. The proposed structure will be 162 feet in length between abutments, 202 feet over all and 64 feet wide between face of spandrel walls, and will consist of three spans of 50 feet each, approximately elliptical in shape, composed of reinforced concrete. The sites of the abutments of the bridge partly overlap the wing walls of the tidal gates and the abutments of the adjoining plate girder bridge of the Philadelphia, Baltimore and Washington Railroad. The construction work includes street and sidewalk paving, electric conduit railway construction and railings and lamps.

Claims Husband Deceived Her.

In a petition filed in the District of Columbia Supreme Court yesterday Mrs. Gertie Kendrick asks that a decree be issued setting aside her marriage with Josiah Kendrick. The ground upon which the annullment is asked is that at the time of the marriage ceremony the defendant made misrepresentations to her regarding his position in life that amount to a fraud. Mrs. Kendrick states that after a short acquaintance with the defendant, during which, she alleges, he told her he had a nicely furnished home in Washington and a good position in the District government, she accompanied him to Alexandria, in January, 1902, where they were married. She says he gave his age on the license as 38 years, although he was 50 years of age, and gave her age as 21, when she was only 18. Mrs. Kendrick states that immediately after their return to Washington she became suspicious of her husband and that he admitted that he had no position and no furnished home, and wanted her to go with him to a questionable house on Missouri avenue. Being apprised of these facts, Mrs. Kendricks states that she left her husband and has never since had any conversation or dealings with him.

River Front Improvements.

The Alexandria Fertilizer and Chemical Company is now building a new and substantial wharf on the river front between Queen and Princess streets. The pier extends to the Port Warden's line. All the piles have been driven and most of the flooring has been laid. The dock has been dredged, and vessels of deep draught can now be accommodated. This property was for many years used as a landing place for the old steamer Columbia, which ran on the route between this city and Baltimore up to 1875. The fertilizer company is rejuvenating the brick building adjoining the Lawrence Mill on the north. Additions and improvements will be made and a viaduct is to be constructed from this building to those owned by the company on the opposite side of the street. The business of the company is expanding yearly, and the new wharf and building are necessary adjuncts to the plant. The works have been enlarged and modernized during the past year. New and improved machinery has been installed, and the company is now in a position to meet all the requirements made upon it.

The accounts of the administrator of [illegible] Vass, who was a merchant in Alexandria over 100 years ago, are being settled up by Court Commissioner E. B. Taylor.

The Revenue Office.

By this time next week the internal revenue office for this district will be in operation in Abingdon instead of Alexandria. An order was received from Commissioner Yerkes this morning announcing the change of the location of the office from this city to Abingdon, and allowing the collector to make the transfer whenever convenient. It is therefore his intention to make the change next Saturday and the business of the office will begin in Abingdon on the succeeding Monday morning.

When a deputation of Alexandrians called upon Commissioner Yerkes recently and urged many reasons why the office should be kept here he stated that there would be a stamp clerk in Alexandria. No one at the office this morning could say when this official would be appointed, nor who would be selected to fill the position.

Mr. L. P. Summers, the collector, is at Roanoke at present, The personnel of the office is as follows: Mr. Summers, the collector; W. M. Slemp, his assistant Robert W. Blair, Mrs K. W. Flood, Mrs. Lelia M. Tinsley, J. A. Herndon, George W. Patterson, George W. Grayson, E. A. Bowen, A. K. Stratton, A. H. Agnew and R. W. Davis.

James R. Caton.

Among the most noteworthy nominees for the House is James R. Caton, of Alexandria. He is an accomplished lawyer and speaker. He was a member of the last House, and was a prominent candidate for Lieutenant-Governor, having acknowledged Mr. Ellyson's claim to the honor, and retired promptly in his favor. Mr. Caton has fine legislative experience, and is exceedingly popular with his colleagues, who will welcome his return to a seat in that body. Mr. Caton did much of the work in the House in connection with putting the new Constitution into force.—[Richmond Times Dispatch.

Opera House.

"The Denver Express," as presented at the Opera House last night, was well rendered and greatly enjoyed by an audience that crowded the playhouse. The scenery carried by the company was very pretty and the singing and dancing was excellent. The jokes of the show were decidedly antiquated. All the roles were carefully presented and in capable hands. The next attraction (on next Monday night) will be "Humpty Dumpty," with C. H. Adams as the clown. This show will be on the order of Hanlon's "Superba" and promises to be a good one.

New Wharf.

The new wharf being built on the Wicomico river, a tributary of the Potomac in lower Maryland, is, it is reported, nearly completed, and will be ready for use in a few days. The new wharf is located at Chaptic, about four miles above the present wharves in the Wicomico, and will give an outlet for the products of a rich agricultural country. The river line steamers from this city will add the wharf to their schedule.

Chamberlain's Cough Remedy Aids Nature.

Personal.

Mr. Robert H. Davies, of this city, and Miss Lena Elna Mundy, daughter of Mrs. Mary Mundy, of Orange county, were married last week at the home of the bride, Rev. W. F. Flanagan officiating. Miss Marguerite Boyer was the maid of honor and Mr. Sidney Hobson, of this city, best man.

Judge J. C. Campbell, of Amherst county, was in the city today.

Mrs. Minnie V. Spillman, of King George county, is visiting relatives in this city.

Mrs. Amy C. Weech, of this city, led the consecration services at the annual convention of the W. C. T. U., which began in Norfolk last night.

Mrs. Charles Cuvillier has returned from Panama, where she has been on a visit to her husband, who has a lucrative position on the canal work.

Miss Gertrude Selecman, of Occoquan, is visiting Mrs. Geo. Dufley on Cameron street.

Henry Street.

It seems that since the discontinuance of the running of trains between Alexandria and Washington via Henry street a portion of the southern portion of the track is being used for running trains in and out of Duke street as far north as Prince and often beyond that street. Hence residents living between Duke and Prince streets are subject to as much, if not more annoyance than heretofore. Besides all this the gatekeeper has been removed from the Prince street intersection, and there is no one to warn people in vehicles of the approach of cars. If this procedure is to continue the authorities should insist upon the replacement of the flagman.

Monument to Former Resident.

A life-sized statue of Christ is to be erected over the grave of the late Mrs. Rosa B. Wagner, whose remains are buried at Mercersburg, Pa. The deceased was the wife of Mr. Alexander W. Wagner, of this city and died April 11, 1905. The pedestal will measure 12 feet. The statue will be cast at the Krupp gun works in Germany, and is to be donated by Mr. J. K. Wagner, the millionaire car builder of Chicago, who is an uncle of Mr. Alexander W. Wagner, who resides in this city.

Death of Mr. Kemp.

A letter was received in this city today from Houston, Texas, announcing the death there a few days ago of Mr. Milton Kemp, formerly of this city. Mr. Kemp was a son of the late E. H. Kemp and for some time was a well known telephone and telegraph operator in this city. Some years ago he moved to Texas where he had been actively engaged in business. He leaves a wife and several children besides his mother and brother.

Watchman Drowned.

Marshall Granson, a negro, twenty-five years of age, who was employed as a watchman on the steamer River Queen, fell from the wharf at Glymont Sunday evening and was drowned. Granson lived in Washington. He came to Washington about a year ago from King George county.

Dog Licenses.

Two dog licenses were issued last week. Hundreds of dogs are running the streets, some certainly unlicensed, but it is said the police appear indifferent, as not one person has been fined and only one reported in the Police Court for two years for keeping unlicensed dogs.

LOCAL BREVITIES.

The work of repairing Wolfe street from Lee to Union, has been commenced.

The barge Atlantic, which recently discharged a cargo of fertilizer at W. A. Smoot & Co's wharf, left this morning for Norfolk in tow of the tugboat Peerless.

The weather was cool again last night. The mercury stood at 40° this morning, and people from Fairfax county say frost was visible near Cameron run at an early hour.

Mrs. Charles Goodrich, while descending the steps from a platform in the yard of her residence, corner of Duke and Fairfax streets, late yesterday evening, slipped and fell, and sustained painful injuries to her lower limbs and right hand.

The republicans of this city will hold a meeting at Schuler's Hall next Monday night for the purpose of nominating a candidate for delegate to the legislature. John H. Anderson, of Alexandria county, and W. H. P. Kelley, of this city, are mentioned as candidates.

Little Texts for Big Discourses.

By GEO. M. HUMPHREYS.

To the Editor of the Alexandria Gazette.

A man's work is answered, not his prayers.

We should guard our conduct toward others. He that gives pain expecting to receive pleasure will dwell in sadness.

We should remember that our neighbor sees and commends all of our faults; he may have a thousand of his own but to them he is blind.

A man cannot exchange his hereafter, but if he is to have any brightness he will show some of it here.

A liar never amounts to anything unless he is a leader in his business.

When a sermon is rubbed into a man the wrong way of the fur it seldom fails to do harm.

You will never live in history, unless you are in favor with the scribes.

We all believe the truth when we hear it, but will not acknowledge it when it upsets our virtues.

The bad man does not say half the bad things about the good man as the good man says about the bad man.

If you have nothing to say keep mum. After a conversation never fails to display a vacuity.

We cannot live in the past for it is death. We cannot live in the future for it is only a hope. We can master only the present. Let us live and play our parts.

Riot in a Synagogue.

The Chicago police were called to quell a riot Sunday in the Russian synagogue, Clinton and Judd streets, in that city, where Adolph Kraus was addressing a meeting. Several persons received slight wounds and 10 men and women were arrested. Mr. Kraus was giving an account of his interview with M. Witte, the Russian envoy at Portsmouth, at which he asked justice for the Jews through Mr. Witte's good offices. "We may trust the word of Mr. Witte that he will do all in his power to ameliorate the sufferings of the Jews," Mr. Kraus was saying, when suddenly a member of a Jewish society sprang to his feet. "Do you trust a Russian politician?" he shouted. Before Mr. Kraus had time to answer there was a shout from several hundred men and women in the audience. "Down with Witte!" "Down with tyranny!" came the shouts. While the excitement was at its height the doors of the synagogue were locked and someone telephoned for the police. In a few minutes several patrol wagons filled with officers were on hand. The leaders were arrested and the meeting was dispersed by officers with drawn clubs.

Editor's Guardian Lion Dead.

Posey county, Indiana, poets are rejoicing over the death of the lion that was bought by Editor Clarence Wolfe, of the New Harmony Times, from a stranded circus. The editor kept the beast in his office and the poets stayed away. On Saturday when the news of Leo's death was announced, the poets descended on the editor in a body, taking along their accumulated productions. The editor submitted in meekness and bought one poem. It is an ode upon the death of the lion. He says he will buy another lion soon.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead. of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.
